HTML • CSS • SQL

EXPERIENCE

SCROLLIFY.IN | FRONT-END INTERN
Jan 2023 - Feb 2023 | Remote

- Implemented a user-friendly portfolio builder using React for creative professionals.
- Debugged and fixed front-end technical issues to improve user experience.
- Integrated the portfolio builder with back-end systems to ensure seamless data flow and functionality.
- Worked closely with the founder and CTO to enhance my skills and knowledge.

JOBS TERRITORY | LEAD FRONT-END INTERN
June 2022 – August 2022 | Remote

- Worked on the company's Applicant Tracking System (ATS) platform to enhance the user experience.
- Built the company's official website from scratch, ensuring that it is user-friendly and visually appealing using React.
- Ensured the responsive design and compatibility of the website and ATS platform across multiple devices and browsers.
- Led a team of 5 interns, resolved conflicts and ensured smooth progress of work.

PROJECT(S)

REACT PORTFOLIO WEBSITE | GITHUB
React | JavaScript | TailwindCSS

- Clean and minimalist design with an emphasis on showcasing my portfolio and experience.
- Responsive design for optimal performance and user experience across all devices.
- Written using best practices and standards for code quality and accessibility.

ACHIEVEMENTS

| 2022 | IIIrd Year Head | Became head of the technical club CSI |
| 2018 | Foodshala Volunteer | Volunteered for the NGO to raise awareness about personal hygiene among young girls |
